Re: Militie Zonder Grenzen calls on good Americans to arm themselves

President Trump's expressed desire to be president for life and abuse of illegal immigrants he likens to an infestation of cockroaches amply demonstrates his fascist nature. Thus Militie Zonder Grenzen calls on good Americans to prepare for the worst by arming themselves.

Militie Zonder Grenzen is a secular public militia founded in 2018 that consists of independent branches whose members are committed to defending the weak. It is dedicated to Tuvia Bielski, who led a Jewish militia which fought the Nazi invaders and their collaborators in Poland during WW2 and rescued Jews from extermination. The essence of his moral achievement is that he undertook both resistance and rescue but favored the latter.
